- c. If no referendum is required, this Agreement shall take effect on the 31st day after publication.

III. Adjustment to Boundary Line Between Town and Village.

- a. Prior to the Effective Date, the boundary line between the Town and Village is/was as illustrated in yellow in Exhibit A and more particularly described in Exhibit B.
- b. On or after the Effective Date, the Town and Village will change the boundary line between the Town and Village so that the boundary line between the Town and Village becomes the lines between the Town and Village includes all that territory illustrated in red, blue, mauve and yellow in Exhibit A and more particularly described in Exhibit C.
- c. The lands transferred from the Town to the Village pursuant to this boundary line change include all lands available to be transferred from the Town to the Village under Wisconsin law are those territories illustrated in blue, red, mauve, and more particularly described in the attachment hereto as Exhibit D.
- d. On or after the Effective Date, the Village Board will adopt this Agreement by ordinance to accomplish the boundary line change in accordance with Wisconsin statute §66.0301(6). Said ordinance shall be filed and recorded immediately (or as soon thereafter as reasonably possible) in accordance with Wisconsin statute §66.0217(9), to effectuate the boundary line change between the Town and Village.

IV. Apportionments of Assets and Liabilities. Unless stated herein, the apportionment of assets and liabilities between the Town and Village shall be determined pursuant to Wis. Stat. §66.0235.

- a. The Apportionment Board, consisting of representatives of the Town and Village, shall convene deliberately to begin discussions regarding apportionment of assets between the Town and Village, in accordance with Wis. Stat. §66.0235.
- b. Notwithstanding, the foregoing subparagraph (a), because the boundary line between the Town and Village will change (due to the operation of this Agreement) before a proper apportionment of assets and liabilities could be completed by the Apportionment Board, the Apportionment Board shall wait until the new boundary line is established before completing the apportionment process. The post-boundary-line-change areas of the Town and Village, respectively, shall be used to determine the average assessed values of the Town area and Village areas for the preceding five years. After a boundary-change ordinance is adopted, filed,

and recorded by the Village under Wis. Stat. §66.0301(6)(e), the Apportionment Board shall finalize the apportionment process in accordance with Wis. Stat. §66.0235 of Assets and Liabilities. Unless stated herein, the apportionment of assets and liabilities between the Town and Village shall be determined pursuant to Wis. Stat. §66.0235.

- c. However, notwithstanding the foregoing subparagraph (b), if the boundary line change contemplated by this Agreement does not occur prior to December 31, 2025, the interim apportionment approved of by the Town and Village in the Intergovernmental Agreement Between the Village of Greenleaf and Town of Wrightstown Providing for Provision of Services dated April 214, 2024 shall remain in effect unless changed by amendment of that agreement by the Parties.
- d. Before apportioning any other asset or liability, all unrestricted monetary assets and liabilities presently owned or owed by the Town shall be apportioned in accordance with the formula contained at Wis. Stat. §66.0235(2)(b) based upon the average assessed valuation for the preceding five (5) years of the post-boundary-line change Town and Village areas, respectively. Because most non-monetary assets will be transferred by the Town to the Village or leased by the Town to the Village post apportionment, the goal of this paragraph is to ensure that monetary assets and liabilities are divided in the appropriate proportion before deciding the apportionment of any other tangible asset.
- e. Any monetary funds that are restricted for a particular use shall remain restricted after apportionment.
- f. During and after the apportionment process, non-monetary assets such as vehicles, land, buildings and/or inventory, may, at the option of the Apportionment Board, remain Town property or may be transferred to the Village in accordance with the formulas contained in Wis. Stat. §66.0235; in the alternative, the Apportionment Board may decide that certain assets will be jointly owned by the Town and Village in a proportion to be determined by the Apportionment Board (for example, the Apportionment Board could decide that the present Town Hall will be jointly owned in a certain percentage by the Town and a certain percentage by the Village, respectively). If the Apportionment Board decides that any asset shall be jointly owned post-apportionment, the Apportionment Board shall also allocate responsibility for the maintenance, insurance, preservation, and other obligations related to said asset. Deeds or other instruments reflecting changes in ownership shall be executed and recorded, as necessary.
- g. Following apportionment, the Town shall lease any road maintenance equipment, snowplowing equipment, ditch and culvert equipment, signage, mowers, tractors, park equipment, inventory, chippers, vehicles, brush trucks, tankers, ATVs, snowmobiles, and similar equipment, garbage and recycling equipment, and other similar non-monetary assets that it retains after apportionment, to the Village in exchange for payment of \$1.00 in annual consideration (the Village's compliance with the other terms and conditions contained in this Agreement will serve as additional consideration for said lease).

The Town and Village shall each pay the proportion of total expenses equal to their respective share of the total assessed value of all real and personal property located in the Town and Village in the prior year.
- g. Sanitation. Municipal Sewer Service for the Town shall be provided by the Village. The Village shall also provide any and all administrative functions associated with Municipal Sewer Service for the Town.

VI. Planning, Finance and Budgeting, and Ad Hoc Committees Planning,

Recommendations of the planning commission shall be forwarded to the appropriate municipalities' Board for review.

VII. Ad Hoc Committees The Town Board Chair and Village President, by agreement, may establish additional ad hoc committees as used for or necessary to accomplish the subject matter contained in this Agreement.

VIII. Construction of Agreement. Any court of competent jurisdiction that is interpreting and reviewing this Agreement shall review it in the context that most favors enforceability. If a reviewing court interprets the statutes so as to require separate agreements for sharing services under Wis. Stat. §66.0301 (1-5) and boundary agreements under Wis. Stat. § 66.0301(6), then a reviewing court shall read this agreement as two separate Agreements, with one agreement addressing the issues addressed

in Wis. Stat. §66.0301 (1-5) and the other agreement addressing the issued presented in Wis. Stat. §66.0301(6). If, however, a reviewing court believes that this Agreement is most enforceable if interpreted as a single agreement, then it should interpret this Agreement as a single agreement, then it should interpret this Agreement as a single agreement.

IX. Modification. This Agreement may be modified by written agreement of the Town and Village.

The below-signed authorized individuals certify that this Intergovernmental Cooperation Agreement has been duly approved by their respective governing bodies in accordance with state and local laws, rules, and regulations, and that each has caused their duly authorized officers to execute this Agreement on the dates written before their respective signatures.
