PARCEL CONTAINS 101,171 SQUARE FEET OR 2.32 ACRES OF LAND, MORE OR LESS, INCLUDING RIGHT OF WAY.

# 13. Other relevant information and comments bearing upon the public interest in the annexation.

This annexation is contiguous to the City of Eau Claire and a logical extension of compact development fronting along Interstate I-94. The location is immediately adjacent to multifamily development in the City. Extension of City water and sewer are available and planned to continue west. Future Lorch Avenue right-of-way and bike path extensions to the west have been reserved on recorded certificate of survey maps. The City is able to serve this site with City services very effectively, and therefore the private property owner's annexation desire for urban development is a sound request. The property is within the City's urban Sewer Service Area boundary.

The Department advisory review is based upon the statutory definition of "public interest" s. 66.0217(6), Wis. Stats. That definition includes two factors: 1. "Whether the governmental services, including zoning, to be supplied to the territory could <u>clearly</u> be better supplied by the town..." and 2. the "shape of the proposed annexation and homogeneity of the territory with the annexing... city". s. 66.0217(6)(c), Wis. Stats.

In this case the town offers limited local governmental services, no law enforcement, no proximate park, trail, sidewalk network, or comparable pedestrian system, and no public water or sanitary sewer services. The property is immediately adjoining the City which offers all of these municipal services along with a full time fire and paramedic service. Zoning and anticipated use of this private property unanimously petitioned by the owner to exercise property rights within the City of Eau Claire is consistent with the City's Comprehensive Plan, a joint planning agreement entered into by the City and Town that "anticipates" land within the Sewer Service Area to annex and obtain municipal services, and it is likely to provide the diverse, inclusive housing and job growth needed in the Eau Claire community and in our state.

Also of note, a petition for incorporation for a part of the Town of Washington was dismissed by the court prior to the City's receipt of the annexation petition (see Eau Claire County case number 24CV498). Petitioners in that case filed a notice of withdrawal of the petition of incorporation on 2/3/2025, and the court entered dismissal of the petition for incorporation on 2/21/2025. Although the City received the petition for annexation on the same day as the dismissed petition for incorporation, 2/21/2025, the petition for annexation was in fact received by the City after the court had already entered dismissal of the petition for the petition for incorporation earlier that day.

PETITION FILE NO. 14743

March 24, 2025

KRISTINA KUZMA, CLERK CITY OF EAU CLAIRE PO BOX 5148 EAU CLAIRE, WI 54702-5148 JANELLE HENNING, CLERK TOWN OF WASHINGTON 5750 OLD TOWN HALL ROAD EAU CLAIRE, WI 54701-8948

Subject: CHAPUT ANNEXATION

The proposed annexation submitted to our office on March 04, 2025, has been reviewed and found to be in the public interest. In determining whether an annexation is in the public interest, s. 66.0217 (6), Wis. Stats. requires the Department to examine "[t]he shape of the proposed annexation and the homogeneity of the territory with the annexing village or city...." so as, to ensure the resulting boundaries are rational and compact. The statute also requires the Department to consider whether the annexing city or village can provide needed municipal services to the territory. The subject petition is for territory that is reasonably shaped and contiguous to the City of Eau Claire, which is able to provide needed municipal services.

The Department reminds clerks of annexing municipalities of the requirements of s. 66.0217 (9)(a), Wis. Stats., which states:

"The clerk of a city or village which has annexed shall file immediately with the secretary of administration a certified copy of the ordinance, certificate and plat, and shall send one copy to each company that provides any utility service in the area that is annexed. The clerk shall record the ordinance with the register of deeds and file a signed copy of the ordinance with the clerk of any affected school district..."

State and federal aids based on population and equalized value may be significantly affected through failure to file with the Department of Administration. Please file a copy of your annexing ordinance, including a statement certifying the population of the annexed territory. **Please include your MBR number 14743 with your ordinance.** Ordinance filing checklist available at <u>http://mds.wi.gov/</u>, click on "Help on How to Submit Municipal Records". Email scanned copy of required materials (color scan maps with color) to <u>mds@wi.gov</u> or mail to: Wisconsin Department of Administration, Municipal Boundary Review, PO Box 1645, Madison WI 53701-1645.

The petition file is available for viewing at: <u>http://mds.wi.gov/View/Petition?ID=2817</u> Please call me at (608) 264-6102, should you have any questions concerning this annexation review.

Sincerely,

Spridle
